

## **“When Angels are dangerous”**

### **Galatians 1:6-10**

**The Gospel of Grace is so important and precious that we must beware the danger of false versions of it**

1. They lead us away from Christ (6)
2. They aren't actually gospels at all (7)
3. They may come from apparently impeccable sources (8)
4. They deserve God's curse (8-10)
  - Be real about the frailties that make us vulnerable to 'other gospels.'
  - Be discerning about deviations from the gospel of grace
  - Aim to please God in holding to and proclaiming the gospel of grace
  - Keep enjoying the glories of the true gospel of grace
