Does he still
love us?

God is GOD

and that changes everything.

God is incomparable

... so don't worship your own image of him.

God is incomparable

... so don't worship your own image of him.

God is inexhaustible

... so admit your dependence on him.

God is incomparable

... so don't worship your own image of him.

God is inexhaustible

... so admit your dependence on him.

God is unfathomable

... so bring your questions to him with humility.

God is GOD

so he is free to stoop low
and strengthen the weak.

God is incomparable

God is inexhaustible

God is unfathomable

... so wait for Him in confident humility

God is incomparable

God is inexhaustible

God is unfathomable

... so wait for Him in confident humility
and He will carry you on his wings.

power is made perfect in weakness.

... so wait for Him in confident humility
and He will carry you on his wings.
